## **Get Outside the Lines with ImagineIF Libraries**

*Kalispell, MT* – This September 14-20, ImagineIF Libraries invite our communities to experience the library in a whole new way. Outside the Lines 3D Experience is a weeklong event taking place both inside and outside libraries in the Flathead.

Celebrated across the U.S. and Canada, Outside the Lines demonstrates the creativity and innovation happening in libraries. Outside the Lines takes many of the concepts discussed among forward-thinking librarians at R-Squared, The Risk & Reward Conference, such as creativity, customer curiosity, culture, community and creative spaces, and puts them into action where they count – in our local communities.

### **Outside the Lines 3D Experience**

Make your own 3D glasses, create a 3D image and look for the 3D artwork all over town. Take it to the next dimension.

#### **Explore Your Community**

Look around town at local businesses and bulletin boards for 3D images. Make your own 3D glasses at the library, or use the ones you find on the spot. Find something you didn't see before.

- Bigfork, Columbia Falls and Kalispell: September 14-20

#### **DIY 3D Glasses**

Make your own 3D glasses with red and blue acetate. Put them on to see things in a whole new way.

- ImagineIF Columbia Falls and ImagineIF Kalispell: September 15-20
