Beer and Libraries: A Delicious Brew

Kalispell, MT – Since the beginning of ImagineIF Libraries this January, every month we design a different theme with out-of-the-ordinary events, fun projects and surprising results. So far this year we've explored DIY home cleaning products, chickens, bicycles, mini disc golf and 3D. For October, the focus is beer.

With breweries in most of our towns and increasing local interest in homebrewing, it's time to bring beer into the library. Learn more about brewing ingredients, watch a homebrewing demonstration and enjoy a special tour at Kalispell Brewing Company. Those who catch the beer fever can choose from dozens of books at ImagineIF about brewing beer, growing hops and making beer-friendly food.

What's in a Beer?

Can you tell Chinook from Cascade? How about Crystal from Chocolate? We're talking hops and malt here. Brewing ingredients will be out all week so you can come in and put your senses to the test.
