ImagineIF Unveils New Online Catalog

Kalispell, MT – A new online catalog for searching ImagineIF Libraries will go live on Friday, November 20. It is colorful and visually appealing, but more important, it is much easier to search.

The online catalog allows customers to explore books, media and digital materials available through ImagineIF Libraries. The new catalog is user-friendly and intuitive, allowing customers to search using author, title or keyword, and offering spelling assistance and search suggestions. Customers won't have to worry about remembering the complete book title or spelling the author's name exactly right. With search capabilities and filtering suggestions that are more like Google or Amazon, the new catalog will help customers quickly find the results they want.
